- Production time:10-14 Days upon artwork approval

## MPT9-PR

## 9" Magnetic Parts Tray

This Magnetic Parts Tray keeps loose nuts, screws, and other small metal items in reach.

Smooth stainless steel trays have powerful ceramic magnets with rubber covers to create a scratch-proof base then secure the tray to a metal toolbox or table while keeping important metal pieces at hand.

Decorated with two full-color epoxy dome decals, these trays have a double image area that is large and visible while in use.
